KAOA Scholarship Recipients Recognized

“Thank You!” These were the words spoken numerous times by the students and universities supported by the annual KAOA scholarships. These scholarships allowed the students to make ends meet as they deal with the rising costs of higher education. These funds make a difference for exceptional students pursuing science and technology degrees in areas such as biotechnology, computer science, and computer and electrical engineering.

Members of the KAOA recognized Laura Laspe (Sinclair), Alexander Matthews (Ohio State), Michelle Whelan (Dayton), Ethan Peterson (Cedarville), Joshua Woyak (Cedarville), and Nathan Brown (Cedarville) at the KAOA April Luncheon. Congratulations to all of you! Finally, this could not be possible without the generosity of all the individual and corporate donors! To you the KAOA says, “Thank You!”

Chapter Recognizes Outstanding AFIT Grads

The Air Force Institute of Technology, AFIT, has recognized two graduates for outstanding contributions to Electronic Warfare and Information Operations. 2Lt Tyler J. Hardy was selected for the Academic Research Excellence Award (EW) based on his thesis, "Malicious or Malfunctioning Node Detection via Observed Physical Layer Data." Captain Eric Garcia received the Academic Research Excellence Award in Information Warfare. His research effort was "Evaluation of the Single Keybit Template Attach." The awards were presented by chapter president Dave Erickson at AFIT's annual awards ceremony on March 23.
