KAOC Selected for Distinguished Chapter!

Congratulations Kittyhawk Chapter! For the second year in a row, the Kittyhawk Chapter has been selected for the Distinguished Chapter Award in the large chapter category. Thanks Roberto Van De Wyngard for putting the nomination package together. The KAOC will receive the award at the Chapter Presidents meeting during the AOC National Symposium & Convention at Washington DC from 13 to 16 November 2011.

Electronic Warfare Professional Certification

Dave Erickson participated in a two day Job/Task Analysis by a broad group of EW professionals at the AOC headquarters in Alexandria, VA. The JTA will help identify common elements important to Electronic Warfare professionals across the community, which could be considered the "essentials of Electronic Warfare." When finished, the JTA will define the content, education, and qualifications for a certification program for Electronic Warfare professionals as well as outline elements of credentialing requirements and testing.

KAOC Dayton Dragons Baseball Night Out

On Tuesday, August 2, 2011, AOC members and friends enjoyed an entertaining evening of Dayton Dragons baseball and great food while watching the Dayton Dragons play the West Michigan White Caps from Party Deck 1 right behind first base. Excitement built in the bottom of the 9th inning as the Dragons scored 4 runs; however it wasn't enough to beat the White Caps. The score was 9 to 6. Overall, it was still a great night for family fun.

AOC Luncheon
